

Certificate of Compliance*

This is to certify that **Helcim Inc., a Level 1 Service Provider** is compliant with all standards as specified in the Payment Card Industry (PCI) standards version 1.2

This certification applies to PCI DSS Standards Council LLC requirements.

Compliance has been awarded based on information provided by the merchant in regards to its policies, procedures and technical systems that safeguard cardholder data as well as the results of their vulnerability scans and PCI audit performed by SPIGuard Security Solutions Inc. on those systems.

Service Provider Level	<i>Level 1</i>
Onsite Completed	<i>April 7, 2010</i>
Scan Performed Quarterly – Latest Scan	<i>March 12, 2010</i>
Report on Compliance Completed	<i>May 14, 2010</i>
Compliance Validation	<i>May 14, 2010</i>
Compliance Certificate Valid Until	<i>May 13, 2011</i>

Compliance Granted

It is the service provider's responsibility to remain compliant with PCI standards and to re-certify prior to expiration date noted above.

A full copy of the scan and Report on Compliance is available upon request to authorized organizations.

SPIguard Security Solutions Inc.

Date: **May 14, 2010**

* SPIguard Security Solutions Inc. makes no representation or warranty as to whether the merchant's systems are secure either from an internal or external (hack or breach) or whether the cardholder data is at risk of being compromised. The assessment's sole purpose is to determine compliance and cannot be used for any other purpose.

* SPIguard Security Solutions Inc. is a PCI Security Standards Council certified QSA and ASV.
